

Traditional Certification Route: Undergraduate Degree Holders

➤ Master of Arts for Teachers (M.A.T.) | The College of Arts & Sciences

Designed specifically to prepare for becoming a licensed math teacher, this Master's degree draws on the department of Mathematics' core course curriculum, with outside courses that help teachers develop particular interests.

- Applicants must hold a baccalaureate degree from a regionally accredited institution
- Students must complete a total of 36 graduate credit hours beyond the baccalaureate degree. At least 21 credit hours must be mathematics graduate courses. A maximum of 6 credit hours of undergraduate courses taken after completion of the baccalaureate degree may be applied toward the M.A.T. degree
- Candidates must possess a teacher's certificate at the time the degree is conferred (international students must be certified by their departments).
- Graduates who do not hold teaching licenses should have their credentials evaluated for teaching certification purposes by the graduate licensing advisor in the School of Education.
