

Indiana University Bloomington
Department of Mathematics
Lecturer position

The Department of Mathematics at Indiana University Bloomington <https://math.indiana.edu/index.html> seeks applications for Lecturers. The positions begin August 1, 2022. Applicants must have mathematics training equivalent to that required for the Masters' degree, with Ph.D. preferred. Applicants with MAT degrees are encouraged to apply. Responsibilities include teaching undergraduate courses at 0-, 1-, and 200-levels. Experience with or demonstrated interest in active learning is preferred. The teaching load is six courses per academic year. Faculty receive course reductions for course coordination and administrative service. We are especially interested in candidates with a commitment to curriculum development and/or to serving first-generation and other at-risk students.

The nominal teaching load for a Lecturer in mathematics is six courses per academic year. Faculty receive course reductions for course coordination and administrative service

Applicants should complete the required demographic information on the posting at <https://indiana.peopleadmin.com/postings/11585> and then submit an AMS cover sheet, curriculum vitae, teaching statement, and diversity statement using the online service provided by the AMS at <http://www.mathjobs.org>. If you have questions, please contact Clay Collier at cldcolli@indiana.edu. Applicants should arrange for at least three letters of recommendation evaluating teaching and administrative experience. Please ask reference writers to submit their letters electronically through <http://www.mathjobs.org>. If they are unable to do so, they may also send their letters electronically to Clay Collier at the address above. Review of applications will begin January 14, 2022 and will be considered until the positions are filled.

Indiana University is committed to building and supporting a diverse, inclusive, and equitable community of students and scholars. We encourage applications from candidates who will contribute to furthering these goals.

Indiana University is an equal employment and affirmative action employer and a provider of ADA services. All qualified applicants will receive consideration for employment without regard to age, ethnicity, color, race, religion, sex, sexual orientation, gender identity or expression, genetic information, marital status, national origin, disability status or protected veteran status. Indiana University is responsive to the needs of dual career couples.
