

Title: M018 or M125 Placement Map 2024

- 1) If the student takes M018 (not for Gen Ed credit), then they have three tracks available
  - i) M106: Mathematics of Decision and Beauty
    - If the ALEKS score is greater than or equal to 35, then the student can take M106
  - ii) Finite
    - If the ALEKS score is greater than or equal to 50, then the student can take V118
    - If the ALEKS score is greater than or equal to 50, then the student can take M118
    - If the ALEKS score is greater than or equal to 40, then the student can take D116
      - (1) To receive credit, the student must take both D116 and D117 with a grade of D- or above
  - iii) Math for Business and Public Affairs (B110)
    - If the ALEKS score is greater than or equal to 55, then the student can take B110
- 2) If the student wants to take classes in the Calculus track
  - A. If the ALEKS score is less than 35, then the student must enroll in M125 along with the corequisite course X125.
  - B. If the ALEKS score is greater than or equal to 35 (required) or 45 (recommended), then the student can take M125.
    - (1) To receive credit, the student must then take either M119 or V119
      - (a) If the ALEKS score is greater than or equal to 50 (required) or 60 (recommended), then the student can take M119 or V119
    - (2) After taking M119 or V119, then the student may take M120
    - (3) The student may alternatively take M126 followed by M211. To receive Gen Ed credit, the student must take M211.
  - If the ALEKS score is greater than or equal to 50 (required) or 55 (recommended), then the student can take M127.
    - (1) To receive Gen Ed credit, the student must then take M211
      - (a) If the ALEKS score is greater than or equal to 70 (required) or 75 (recommended), then the student can take M211
    - (2) After taking M211, then the student may take M212
    - (3) After taking M212, then the student may take most higher level math courses
